*The manager will be held responsible for all rules as stated in the Adult League Basketball Rules Sheet.*

### **Substitutions:**

A substitution is when you swap a player from the bench with a player on the basketball court. This is used to allow players to rest and recover throughout the game as well as give all players on the team a chance to participate.

- A substitution is called by asking the scoring table for a 'sub' and then waiting for a stoppage in play where the referee will give you time to substitute players.
- A coach can make an unlimited amount of substitutions throughout the game.
- A coach can substitute their players on and off the court on any dead-ball situation (after fouls, violations, timeouts, free-throws, etc.).
- Do not substitute players without waiting for the referee to signal for you to do so or it will result in a technical foul on your team.

## Personal Fouls:

- Although regarded as a non-contact sport, everyone who has participated in or watched basketball knows that is not the case.
- With 10 players on the court competing at a high intensity and attempting to gain an advantage over their opponent, it's impossible for there to not be contact throughout the game.
- A foul is called when a player makes illegal contact with an opponent that results in an advantage.
- When a foul is called, live play immediately stops. Which team receives the basketball will depend on many factors that I'll cover over the next few paragraphs.

## Here are the 6 most common personal foul types:

- 1. Reaching In**
  - a. Occurs when a defender reaches in to steal the basketball and makes illegal contact with their opponent.
  - b. The contact made is usually the defender slapping the dribbler's arm or wrist.
- 2. Holding**
  - a. A holding foul is called when a player uses their hands or arms to limit or prevent an opponent's movement around the court.
- 3. Blocking**
  - a. A blocking foul is called when a player uses their body to limit or prevent an opponent's movement on the court without establishing position.
- 4. Charging**
  - a. A charging foul is called when a defensive player has established position and an offensive player runs into them.
  - b. This can happen with or without the basketball.
- 5. Pushing**
  - a. A pushing foul is called when a player extends their arms forcefully to move an opponent on the court.
- 6. Illegal Screen**
  - a. An illegal screen is called when an offensive player who is setting a screen on a defender has not established position when the opposition contacts them.

## Penalties for Fouling:

- If a foul is whistled while an opponent is in the motion of shooting the basketball, the offensive player will receive free-throws.
  - **2 Free-Throws** = If a player is fouled while attempting a field goal within the three-point line (layup, post move, midrange shot, etc.).
  - **3 Free-Throws** = If a player is fouled while attempting a field goal beyond the three-point line.
- If a shot attempted while being fouled is successful, the points for that shot count and they will be rewarded with only 1 additional free-throw regardless of where on the floor the contact was made.
- On all non-shooting personal fouls, the team who was fouled receives the basketball at the closest point out-of-bounds from where the foul was made.
- If a team commits more than the legal number of fouls in a half the player who was fouled will receive two free-throws for each additional foul.
- A player is 'fouled out' and must spend the rest of the game on the bench after they have accumulated 5 fouls throughout the duration of a game.

## Special Fouls

*Definitions from the NFHS, National Federation of High Schools, Basketball Rules Book on fouls.*

### 1. Technical Foul

- a. A technical foul is called when a coach or player brings the game of basketball into disrepute and is not made in relation to contact.
  - i. This could be actions like yelling at a referee, flopping, kicking a basketball, using inappropriate language, holding onto the rim after a dunk, etc.
- b. When a player or coach has received two technical fouls, they will be ejected from the game and required to leave the playing area.

*Penalty: 1 free-throw for any opposition player on the court and then possession.*

### 2. Flagrant Foul

- a. A flagrant foul may be a personal or technical foul of a violent or savage nature, or a technical noncontact foul which displays unacceptable conduct. It may or may not be intentional.
- b. This could include actions like hitting, kicking, or pushing another player.

*Penalty: 2 free-throws for any opposition player on the court and then possession.*

### 3. Unsportsmanlike Foul

- a. An unsporting foul is a noncontact technical foul which consists of unfair, unethical, dishonorable conduct or any behavior not in accordance with the spirit of fair play.

*Penalty: 2 free-throws for any opposition player on the court and then possession.*

### 4. Intentional Foul

- a. An intentional foul is a personal or technical foul that may or may not be premeditated and is not based solely on the severity of the act.

*Penalty: 2 free-throws for any opposition player on the court and then possession.*

## Game Violations:

- When a violation occurs, play is immediately stopped and the team who committed the violation loses possession of the basketball.
- The basketball is then passed in from outside the court by the opposition at the closest point to where the violation occurred.

### 1. Out-of-Bounds Violation

- a. The basketball is ruled out-of-bounds when it touches either a player, the floor, or an object that is out of bounds.
- b. The possession of the basketball goes to the opposing team of the player who was the last to touch the basketball.
- c. If the basketball lands on the line, that is still considered out of bounds.

### 2. Traveling Violation

- a. Traveling is difficult to describe in writing but is in place to prevent players from taking more than one step while holding the basketball.

- b. This rule also prevents players from moving or changing their pivot foot once it's been established.
- 3. Double Dribble Violation**
  - A double dribble can occur in two situations:
  - a. A player dribbles the basketball, picks up their dribble, and then dribbles the basketball again.
  - b. When a player touches the basketball with both hands while dribbling.
- 4. Jump Ball Violation**
  - a. When two opponents grab the basketball at the same time and it cannot be gained by a single player quickly, a held ball violation will be called.
  - b. The basketball is given to each team on a rotating basis depending on the possession arrow which will be discussed later in the article.
- 5. Goaltending Violation**
  - a. A goaltending violation is called if an offensive or defensive player contacts the basketball while it's in the downward flight after a shot or if a player touches the basketball when it's in the vertical cylinder above the hoop.
  - b. If the offensive player receives a goaltending violation, the basket is called off and their opponent receives possession of the basketball.
  - c. If the defensive player receives a goaltending violation, the basketball is counted, and the defense will then receive the basketball like a normally made shot.
- 6. Back-Court Violation**
  - a. Once the basketball has been fully established in the offense's front court, they are not allowed to cross back over the half-court line into the backcourt.
  - b. If they do, the penalty is a turnover.
  - c. The only exception to this is if a defensive player was to tap the basketball over the half-court line. Then the offense can sprint back and retrieve it.

#### Time Violations:

- 1. 3-Seconds in the Key Violation**
  - a. The 'three seconds in the key' rule is used to prevent offensive players from standing in the key for long periods of time.
  - b. Instead, players must continually move around the court keeping the key open for dribble penetration. Once a shot has been attempted, a 3-second violation cannot be called.
  - c. The defensive team can also be called for a 3-second violation in some leagues.

*Penalty: A violation is called, and the basketball is given to the opposition.*

- 2. 5-Second Inbounds**
  - a. Once a player passing in from out of bounds receives the basketball from the referee, they then have 5 seconds to pass the basketball in to one of their teammates.

*Penalty: A violation is called, and the basketball is given to the opposition.*

- 3. 5-Second Closely Guarded Violation**
  - a. This violation is rarely called, but it's important to know.

- b. An offensive player in the frontcourt with possession of the basketball can be called for a 5-second violation if they're being guarded within 6 feet and fail to pass, shoot, or dribble within 5 seconds.

*Penalty: A violation is called, and the basketball is given to the opposition.*

#### **4. 10-Seconds Back Court Violation**

- a. After gaining possession of the basketball in the backcourt, the offensive team is required to advance the basketball over the half-court line within 10 seconds.
- b. The count is continued if the opposition deflects the basketball but stopped if the opposition takes possession of the basketball.
- c.

*Penalty: A violation is called, and the basketball is given to the opposition.*

### **Free-Throws:**

*A player is rewarded with a free-throw opportunity after being fouled while shooting the basketball, after the opponent has exceeded their foul limit, or after the opponent commits a technical or flagrant/unsportsmanlike foul.* This results in one, two, or three uncontested shots from the free-throw line all worth one point each.

**Here are the rules when a player is shooting free-throws...**

#### **Lane Violation – Shooter**

- The player shooting a free-throw is not allowed to jump or step over the free-throw line until the basketball has touched the rim.
- Doing so will result in a violation and the basketball awarded to the opposition team on the sideline.

#### **Lane Violation – Non-Shooters**

The other 9 players on the court during free-throws must also follow specific rules...

- The three players behind the three-point line are not allowed to cross over the three-point line until the basketball has touched the rim.
- The five players lined up on the edges of the key can step into the key as soon as the basketball has left the shooters hands.
- If the defensive team breaks any of these rules, the player shooting free-throws receives one extra shot if their current shot is missed. If the free-throw shooter makes the shot on a defensive lane violation, the shot counts and play continues.
- If one of the offensive players breaks one of these rules, the free-throw does not count and the opposition receives the basketball out-of-bounds.

#### **Possession Arrow**

- The possession arrow is used after every held-ball or when the referees are unsure on an outof-bounds call.
- The initial direction of the arrow is determined by the jump ball that commences the game. The team who does not secure first possession of the basketball will receive the basketball at the next jump ball.
- The possession arrow then alternates between the two teams for the remainder of the game.

## CONDUCT RULES

We ask that you always maintain a positive approach throughout the league and adhere to the following guideline:

Coaches shall actively use their influence to enhance sportsmanship by spectators

## LEAGUE STRUCTURE

All league games will be decided based on:

- a. Point Differential between played teams.  
**Tie - Breaker**
- b. Head to Head **(Only in an event of a tie in points between teams)**

## PLAY-OFFS

Play-offs will consist of the top six to eight (6-8) teams from each league. **All playoff seeding requirements will be determined by the Athletics Department discretion.**

### **Injury, Bleeding or Open Wound:**

A player/substitute, manager, coach, trainer, or other team member or sports official who is bleeding or who has an open wound shall be prohibited from participating further in the game until the bleeding is stopped and the wound covered.

1. If treatment can be administered in a reasonable amount of time the individual would not have to leave the game. The length of time that is considered reasonable is umpire judgment.
2. If excessive time is involved, the re-entry rule would apply to players.
3. If there is an excessive amount of blood on the uniform/bandage must be changed before the individual may participate.

### **Concussion Protocol:**

Any player that exhibits signs, symptoms or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion, or balance problems) shall be immediately removed from the game and shall not be returned to play.

### **Communicable Disease Procedures:**

While risk of one athlete infecting another with HIV/AIDS during competition is close to non-existent, there is a remote risk that other blood borne infectious diseases can be transmitted. For example, Hepatitis B can be present in blood as well as in other body fluids. Procedures for reducing potential or transmission of these infectious agents should include, but not be limited to, the following:

1. The bleeding must be stopped, the open wound covered and if there is an excessive amount of blood on the uniform it must be changed before the athlete may participate.
2. Routine use of gloves or other precautions to prevent skin and mucous-membrane exposure when contact with blood or other body fluids is anticipated.
3. Immediately wash hands and other skin surfaces if contaminated (in contact) with blood or other body fluids. Wash hands immediately after removing gloves.
4. Clean all blood contaminated surfaces and equipment with a solution made from proper dilution of household bleach (CDC recommends 1-100) or other disinfectants before competition resumes.
5. Practice proper disposal procedures to prevent injuries caused by needles, scalpels and other sharp instruments or devices.
6. Although saliva has not been implicated in HIV transmission, to minimize the need for emergency mouth-to-mouth resuscitation, mouthpieces, resuscitation bags, or other ventilation devices should be available for use.
7. Athletic trainers/coaches with bleeding or oozing skin conditions should refrain from all direct athletic care until the condition resolves.
8. Contaminated towels should be properly disposed of/disinfected.
9. Follow acceptable guidelines in the immediate control of bleeding and when handling bloody dressings, mouth guards and other articles contain body fluids.

The referee shall not permit any team member to participate if in his/her judgement any item constitutes a safety concern, such as, but not limited to, a player's fingernails or hairstyles.

***BREC reserves the right to re-evaluate the rules and place improvements in place for any current rules and/or violations. BREC reserves the right rule on any items not covered in the document and to expand the rule basis. Rules that are not covered in the BREC rules and operating code, will automatically defer to Rules of the Sport: Kickball and procedures.***
