BREC Careers Online Application System
Job Applicant Guide

Welcome to BREC CAREERS Online! BREC vacancies are now posted online using NEOGOV software. This guide is provided to help you understand the online application requirements and thus help you prepare a complete and successful application. This document provides answers to questions that often arise for first-time users as well as helpful resources.

Getting Started

- **Arrange access to a computer with a web browser program (such as Internet Explorer or Goggle Chrome).** NEOGOV is a web based application system. BREC Careers Online Application system supports all web browsers used by 10% or more of applicants, but we find that Internet Explorer 10 or 11, Mozilla Firefox version 25 or above, and Google Chrome work the best. If you encounter difficulty in the application process, upgrading to one of these browsers may resolve your issues.
- **Sign up for or use an email address that you will check regularly.** A valid email address is needed to create an applicant account as well as receive notifications through the NEOGOV system. This way you will receive notifications faster than relying on paper notices.
- **Check your spam blocker and enable pop-ups.** Be sure to allow emails from BREC sent from governmentjobs.com. Enabling pop-up messages from governmentjobs.com will enable you to receive important system messages.
- **Set up your User Account.** This is required to apply for positions. Write down your User Name and Password as they will be needed every time you sign into the system to apply for jobs or check the status of your application.

You’ll need to enter your User Name and Password each time exactly as they were entered when you set up your account; therefore, pay close attention to uppercase/lowercase letters, spaces and special characters.

The process consists of the following steps:

- Create An Account
- Find Jobs
- Apply for a Job

**Follow these steps to sign In:**

**Step 1.** Go to [www.brec.org](http://www.brec.org) and select “BREC Careers” or
  
  Go directly to [http://agency.government.com/brec](http://agency.government.com/brec)

**Step 2.** Select the Job Opportunities link.
Step 3. Scroll down to the job category listings and check the boxes of the job types you are interested in (Tip: Click the Select All Categories or Clear All Categories buttons to speed up the process). Or enter any keyword(s) you are looking for in the text box (optional). Press the Go button.

All Categories are automatically selected. To change the results, deselect and reselect the categories by using the Clear All/Select All buttons or by clicking on the check boxes. To reset the search criteria, click 'Clear Search' at the bottom of this box.

Step 4: Scroll to the bottom of the page. All job openings in the categories that you chose will be displayed alphabetically. Click on the position title that you are interested in (Note: If you do not find a job opening that you are interested in but would like to fill out an application and/or be notified when there are openings for the categories, complete a job interest card online to be notified by email when a job is posted matching one of your specific selected categories.)
Step 5: Review the job announcement carefully, noting the essential functions, minimum qualifications, and knowledge, skills & abilities. Also, you may review the benefits that are offered through BREC by clicking on the Benefits tab and following the links.   o Any experience claimed in the response to a supplemental question **must be included in the experience portion** of your online application and is subject to verification.

  o It is a good practice to click on the Save button periodically as you complete your application. If you remain on a page for over 30 minutes without saving, you may lose the information you entered on the page. Typing does not extend the 30 minute session time-out. If you’ve enabled pop-ups, you will be asked if you’d like to continue your session.
