Designer's Opinion of Probable Cost

Base Bid **\$384,274**

This project consists of the construction of approximately 358 linear feet of new concrete pathway consisting of a new 8-foot-wide concrete sidewalk and one new 12-foot-wide bridge. The new pathway will briefly parallel Monte Sano Bayou on its southern end and tie into the existing pathway on the project's northern end. The new bridge will span the drainage lateral that intersects with Monte Sano Bayou, and it will have channel protection in the form of heavy riprap. Also included in this project is the removal of one existing bridge and its connecting pathway at Logical Termini just east of the new pathway site.

Maximum BREC Budget **\$435,000**

This is the maximum budget for the base bid and/or any possible combination of alternates.
