

ACTIVITY PAGE

GOING GREEN

REDUCE – to lessen **REUSE** – to use again **RECYCLE** – to change waste into a useable material again
RENEW – to make something out of an item that would have been discarded or to make better or stronger

REDUCE

**WHICH PRODUCES MORE WASTE?
WHICH PROVIDES MORE FOOD?**

- DISPOSABLE LUNCH:** Juice box, bag of chips, and pre-packaged taken to school in a brown paper bag.
- HOMEMADE LUNCH:** Aluminum bottle of juice, chips in a plastic box and sandwich in a baggie taken to school in a lunch box.

REUSE

CIRCLE THE ITEM THAT IS EASIER TO REUSE

Plastic Water Bottle **OR** Aluminum Bottle

Lunch Box **OR** Brown Paper Bag

Plastic Grocery Bag **OR** Fabric Bag

Plastic Sandwich Bag **OR** Plastic Sandwich Box

RECYCLE

ITEMS WITH A  ARE RECYCLABLE

What items in your house can be recycled?

What's something in your house that can be recycled that you didn't know could be recycled?

RENEW

What are some items that can be repurposed at your house? (Example: Glass Jars)

What can you do to make your yard better or soil stronger? (Example: Plant flowers or a tree)

Sun, wind and water are some of the top renewable resources. Can you use one of these resources to make something?

GOING GREEN PLEDGE:

I will reduce by _____ . I will reuse _____ .

I will always recycle _____ .

I will renew _____ by making a _____ .
