IYP3 OVERVIEW

WHY WE DO 10-YEAR PLANS

To serve as a strategic playbook & foundational framework across BREC

- To define long-term goals, priorities, and guiding principles
- To shape policies and operational decisions
- To ensure consistency and accountability
- To align resources and actions with community needs
- To steer planning, budgeting, development, and public engagement
- For National Park & Recreation accreditation (CAPRA)

IYP 3 STATUS – WE ARE HERE

First 3-year Strategic Plan + 1

Goals for 2026 - 2028:

- Focus on upgrading fewer but higher-quality facilities.
- Reduce volume of interior space by the design and construction of:
 - up to 4 Tier 1 Rec Centers
 - up to 2 Tier 2
 - up to 3 Tier 3

COMMUNITY MEETING

- **Metro Council District 7**

- **Obsolete Land – Presented to the commission**

- Belfair Park

- **Obsolete List – being studied**

- East Brookstown Park
 - 48th Street Park
 - Bird Station
 - Edward Avenue

- **Recreation Center Transition Plan**

- Belfair Park
 - Howell Community Park
 - Gus Young Park
 - Independence Community Park
 - North Street Park
 - Nairn Drive Park

COMMUNITY MEETING

- **Metro Council District 10**

- **Obsolete Land**

- Wenonah Street Park

- **Obsolete List – being studied**

- Tuscarora Street Park
- Dayton Street Park
- Buchanan Park
- North Blvd Park
- Roosevelt Street Park
- Pawnee Street Park
- Seventh Street Park
- North 18th Street Park
- Corporate Parkway
- North 14th Street Park – After Memorial Safe Room is constructed
- Sports Academy -After Memorial Safe Room is constructed

- **Recreation Center Transition Plan**

- Memorial Safe Room – Proposed Tier 1
- Sports Academy – Obsolete: Move Programs to Memorial Saferoom
- North 14th Street - Obsolete: Move Programs to Memorial Saferoom
- Kernan Street Park - Proposed Tier 1
- Kerr Warren Park - Proposed Tier 3
- Expressway Park - Proposed Tier 1
- Alaska Street Park - Proposed Tier 3
- City-Brooks Community Park - Proposed Tier 2
- Terrace Street Park – Partner Facility

OBSOLETE LAND STUDY

- **IYP 3 Guiding Principle #5 “Moving Forward Sustainably”**

- Goal 22: Sustainable Parks: remove obsolete / redundant facilities and lands

- **Obsolete Land Goal:**

- To study properties or portions of properties that are not providing sufficient public value to warrant long-term upkeep costs and redirect resources to more efficient use.
- The Initiative focuses on removing obsolete land from BREC’s portfolio.
- BREC may deem land obsolete if it is not providing enough public value to warrant long term maintenance and operating costs and to redirect resources to more efficient use.
- The property considered for disposal will also be measured against the Natural Resource Decision Making Framework found in the Natural Resource Management Plan.
- Reviewing parks with overlapping services and amenities provide opportunities to merge resources, sell underutilized land, or shift to lower-maintenance designs—saving costs and a sustainable portfolio.
- The current list of obsolete land features many properties dating back to 2012.
- **Proceeds From Properties Sold Will Be Reinvested In The Same Service Area.**

BELFAIR PARK – DIST. 7

Criteria for Consideration of Obsolete:

- ✓ **Redundant Facility:** Two facilities located close together.
- ✓ **Very Small Property:** Offers limited recreational value.
- ❑ **Non-Contiguous Park Portion:** A segment of a park that is not connected to the main property.
- ❑ **Inaccessible Area:** Land that is difficult to reach and has little to no ecological value.
- ❑ **Located in a Non-Residential Area:** Or in a place where the local community does not desire service.
- ✓ **Low Public Value:** The land does not justify long-term maintenance and operating costs.

Background:

- Flood Zone: AE

Recommendation:

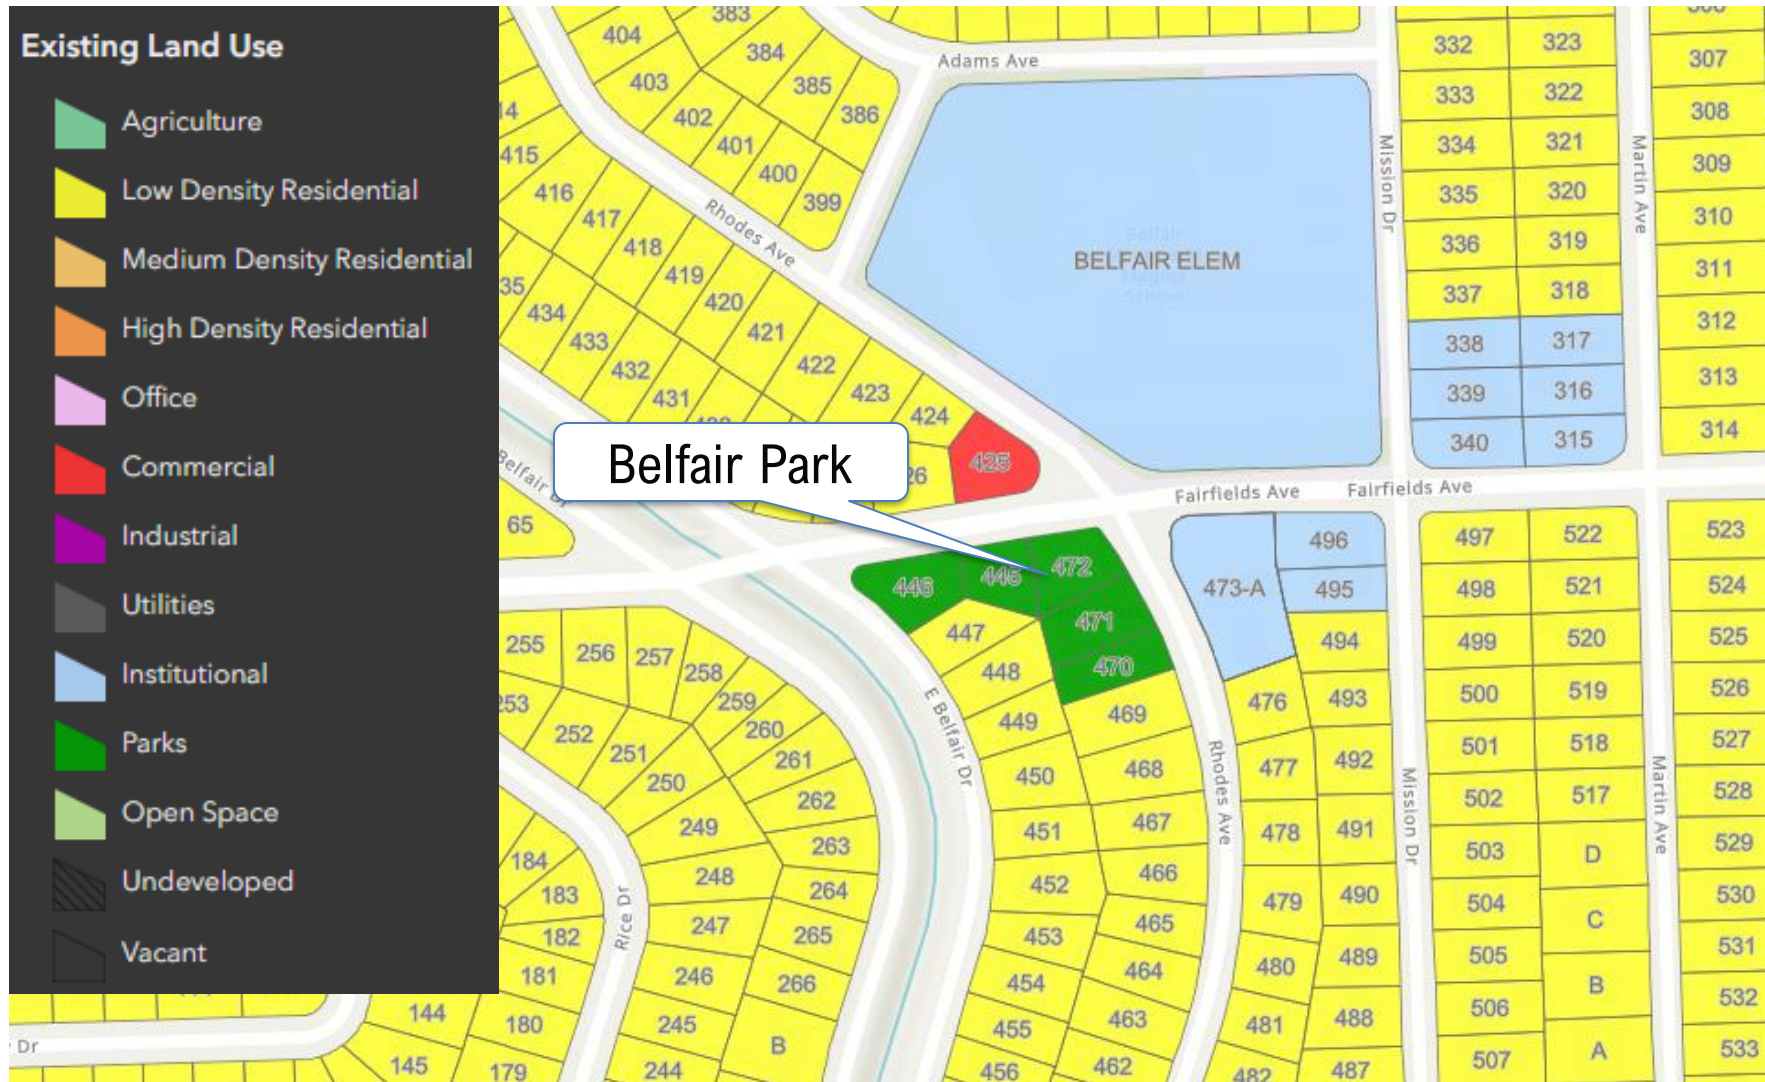

- **Sell**

BELFAIR PARK - DIST. 7

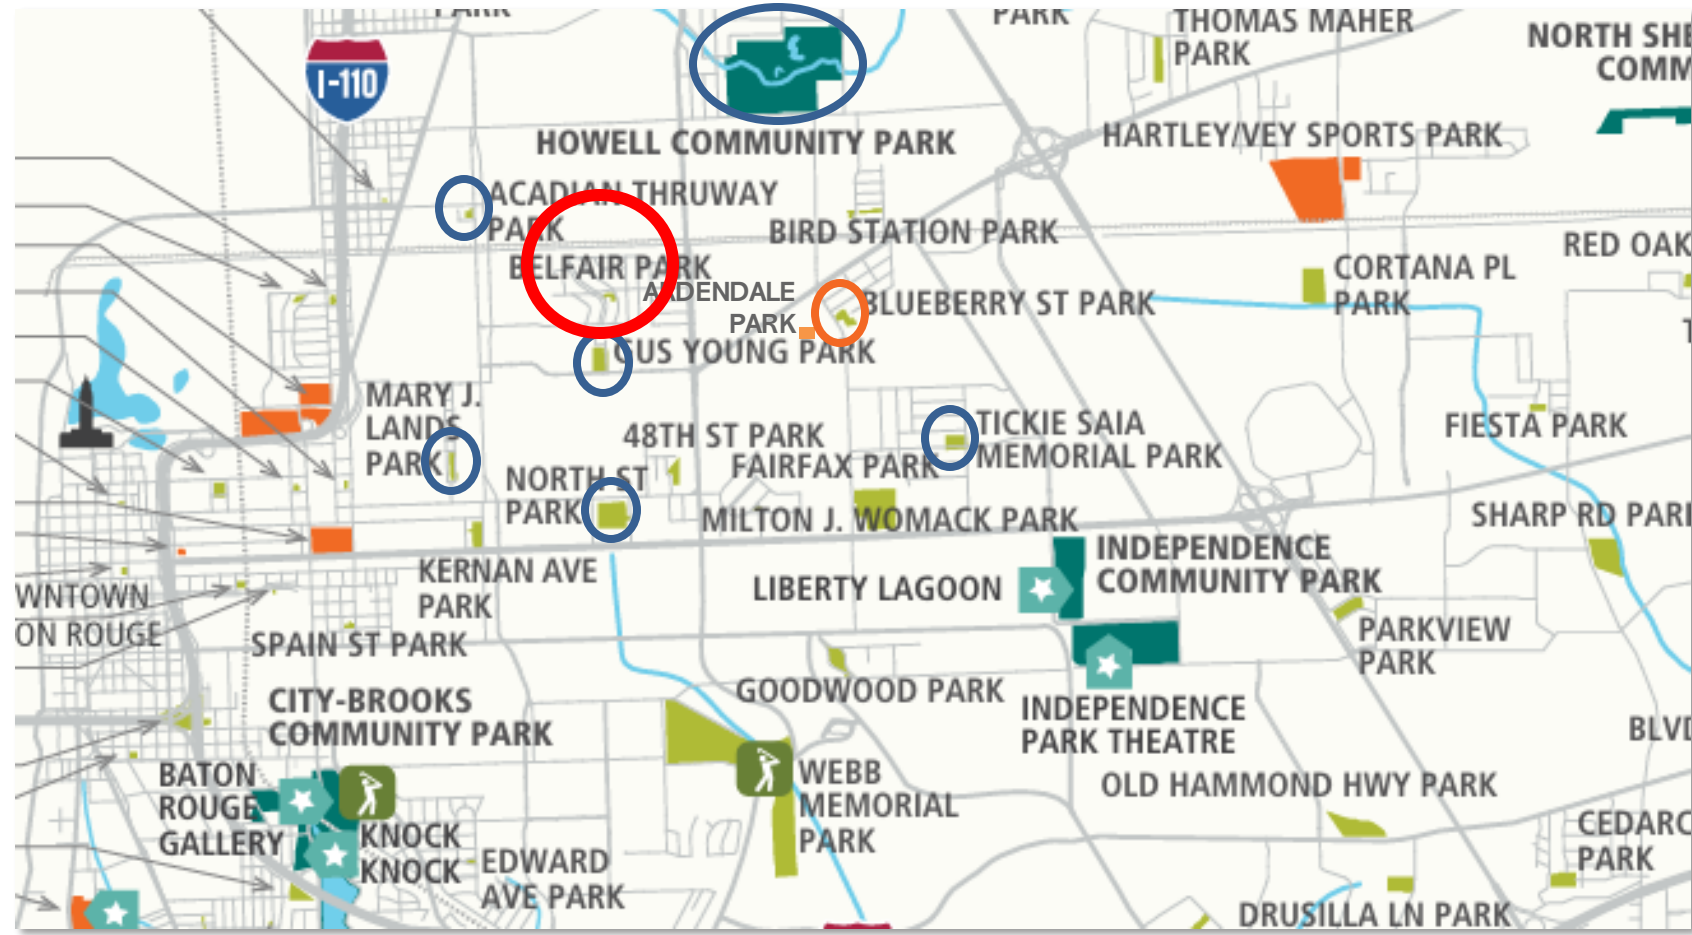

(p2) Studying as of 2025

This map complies with FEMA's standards for the use of digital flood maps if it is not void as described below. The basemap shown complies with FEMA's basemap accuracy standards

The flood hazard information is derived directly from the authoritative NFHL web services provided by FEMA. This map was exported on 1/15/2026 at 7:51 PM and does not reflect changes or amendments subsequent to this date and time. The NFHL and effective information may change or become superseded by new data over time.

This map image is void if the one or more of the following map elements do not appear: basemap imagery, flood zone labels, legend, scale bar, map creation date, community identifiers, FIRM panel number, and FIRM effective date. Map images for unmapped and unmodernized areas cannot be used for regulatory purposes.

WENONAH STREET PARK – DIST. 10

Criteria for Consideration of Obsolete:

- ❑ **Redundant Facility:** Two facilities located close together.
- ✓ **Very Small Property:** Offers limited recreational value.
- ❑ **Non-Contiguous Park Portion:** A segment of a park that is not connected to the main property.
- ❑ **Inaccessible Area:** Land that is difficult to reach and has little to no ecological value.
- ❑ **Located In a Non-Residential Area:** Or in a place where the local community does not desire service.
- ✓ **Low Public Value:** The land does not justify long-term maintenance and operating costs.

Background:

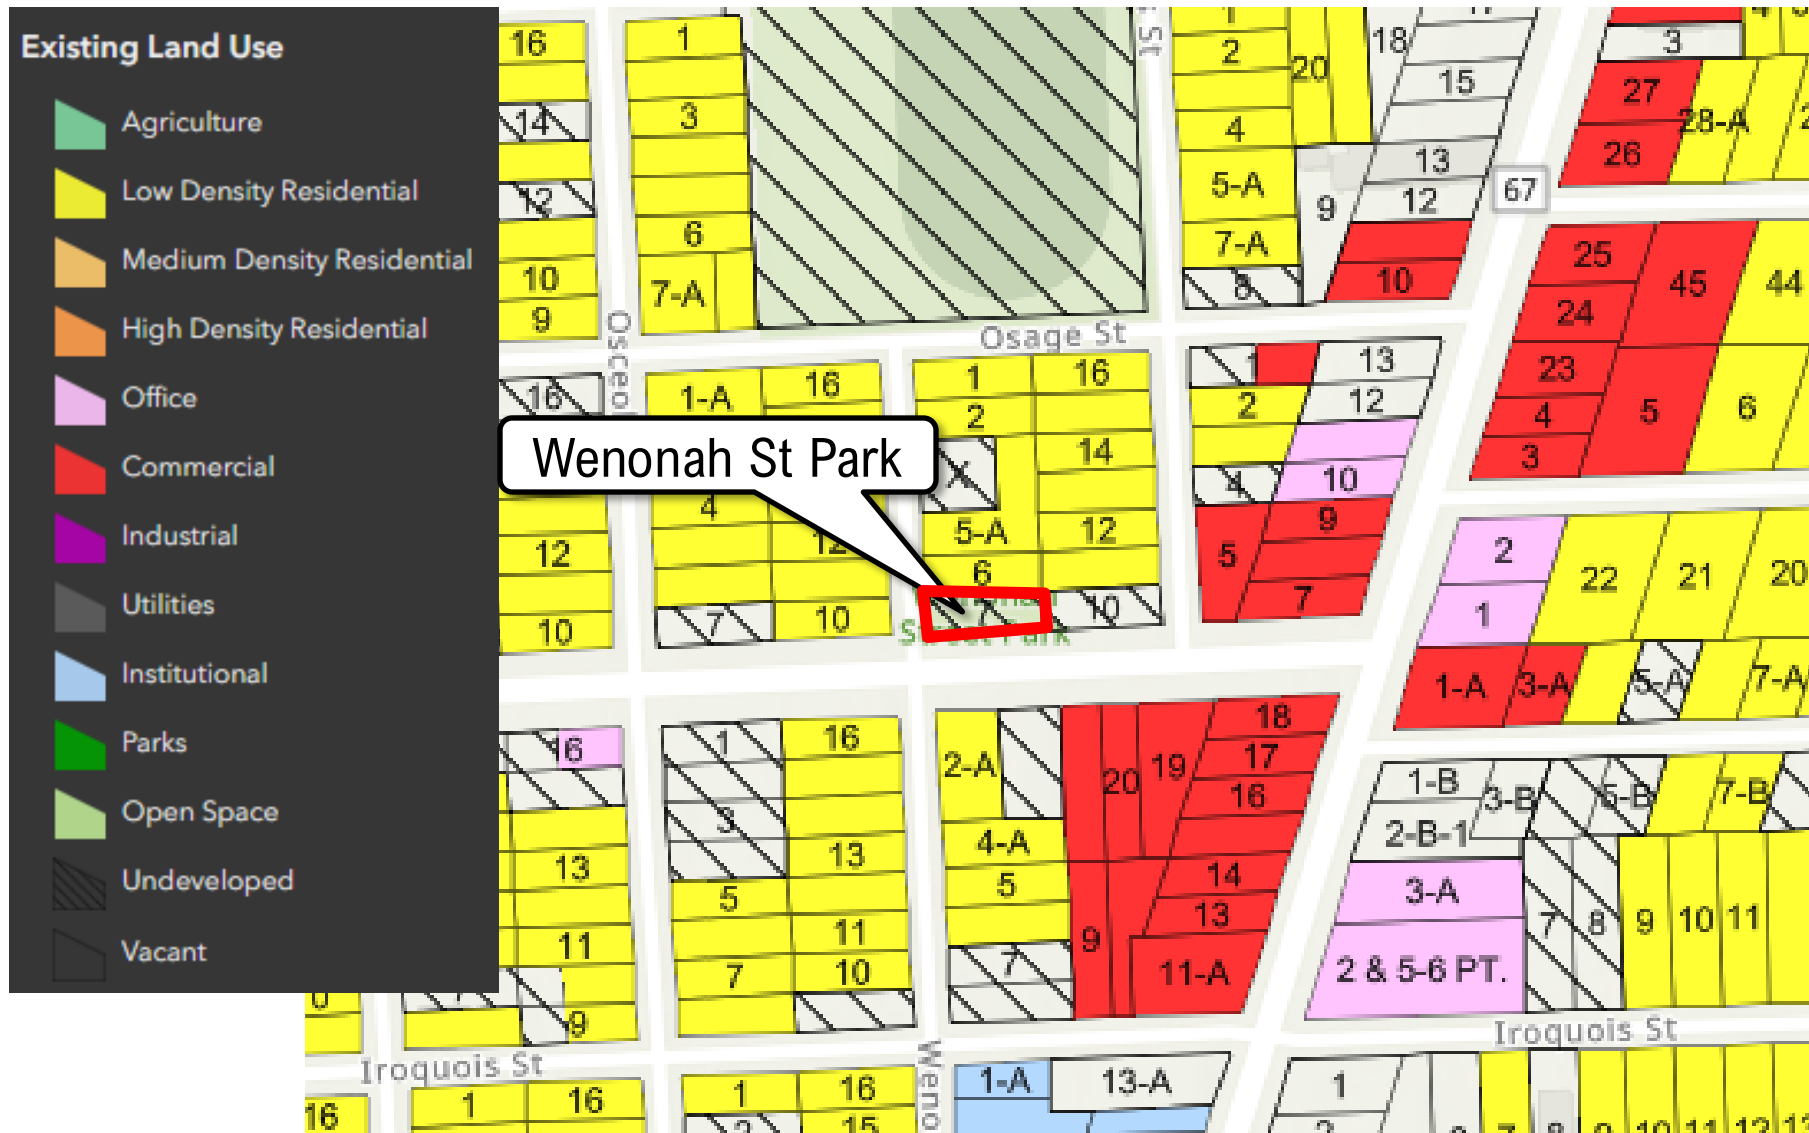

- Purchased from City Parish in 1971
- Residential lot was never developed into a park
- Flood Zone: X

Recommendation:

- ***Sell residential lot at 2800 Wenonah Street***

Discussion and Q&A

- Discussion
- Q&A

RECREATION CENTER PLAN 2.0

Goals of the plan:

- Introduce a Tiered Delivery Model
- Improve Quality and Support Sustainable Staffing & Maintenance
- All indoor Centers to be Air Conditioned
- Support Equitable Access
- Consistent Facility Standards
- Optimize Use of BREC Resources
- Identify Redundancies and Adapt into Lower Maintenance Models
- Address the diverse needs of EBR Communities

RECREATION CENTER PLAN 2.0

Current Model

BREC's current model includes 56 mostly similar recreation centers, including many that are not meeting community needs and lack air conditioning.

Tiered Model

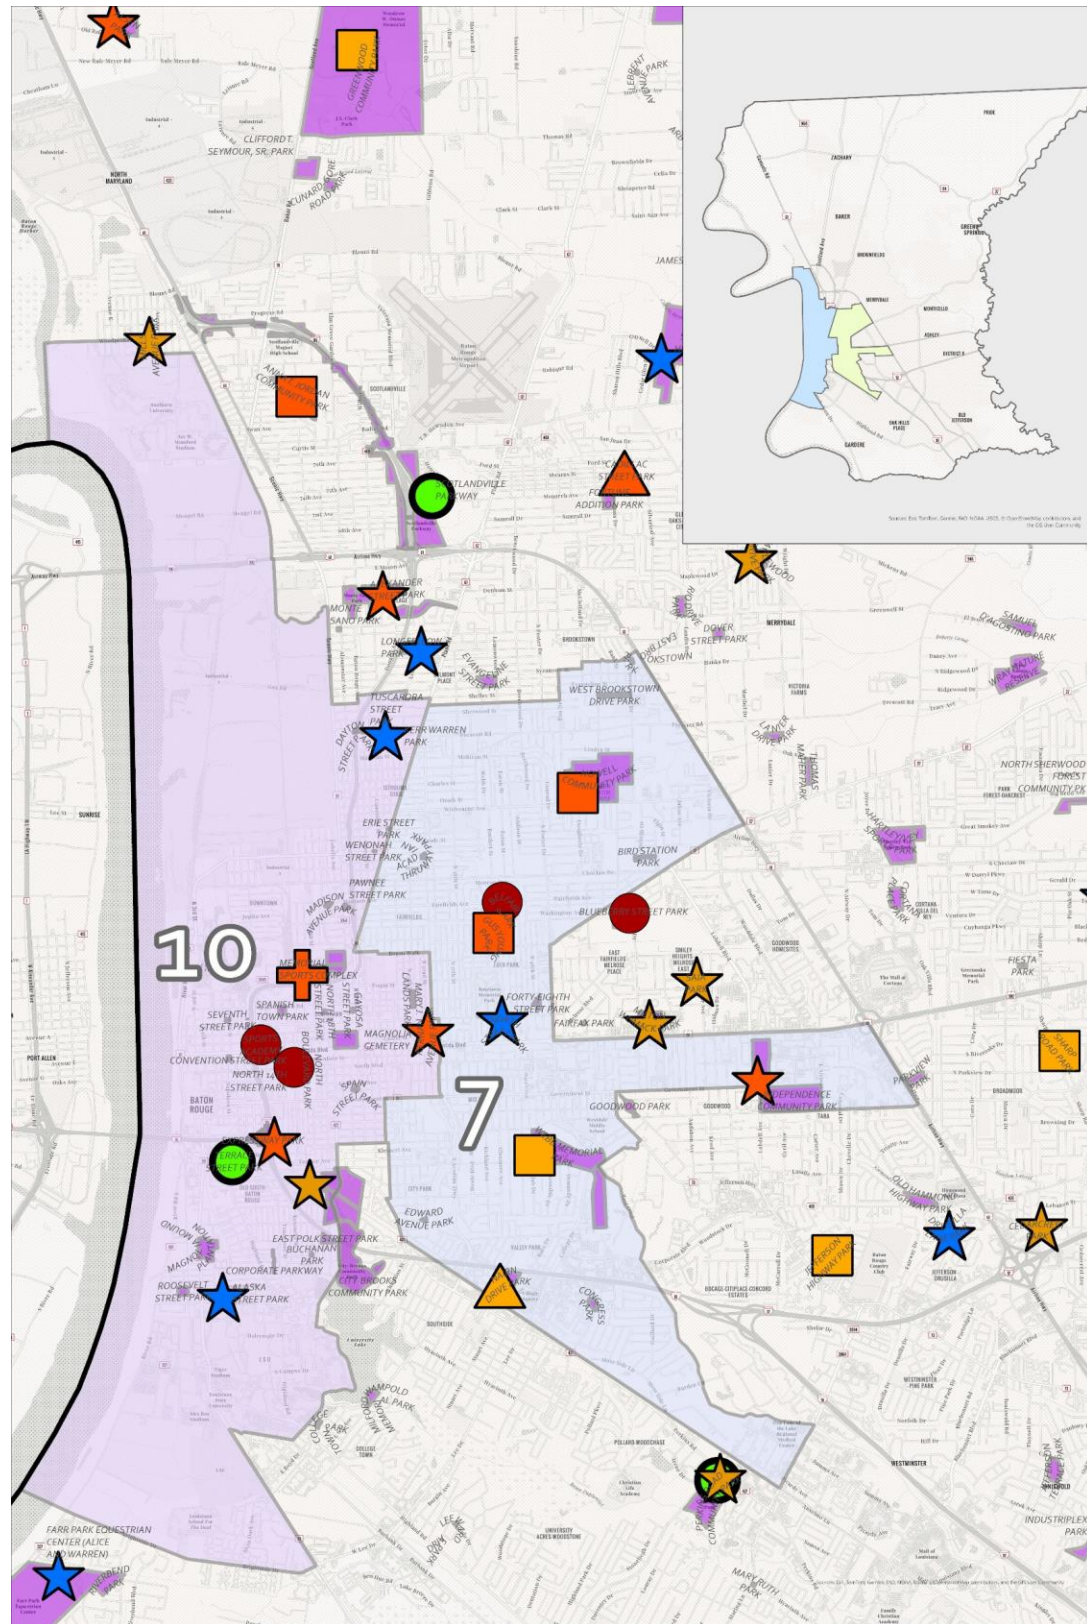

IYP3 recommends transitioning to a tiered model, which introduces multiple scales of recreation centers and prioritizes quality over quantity

RECREATION CENTER PLAN 2.0
